Dear Mr. Hurst:

We have received notification from the National Council of the Boy Scouts of America that the Boy Scouts of America is unwilling to register you in any position in Scouting because the Boy Scouts of America has received information that indicates that you fail to meet standards of leadership of our organization. We are therefore compelled to request that you sever any relationships that you may have now with the Boy Scouts of America.

You should understand that the Boy Scouts of America leadership registration is a privilege that is not automatically granted to everyone who applies. The Boy Scouts of America reserves the right to refuse registration whenever there is a concern that an individual may not measure up to the high standards of leadership which the Boy Scouts of America seeks to provide for American youth. Please also understand that this decision and the reasons for it will be maintained as confidential.

If you wish to have this decision reviewed, or if you feel that there has been a mistake, please write to me and send a complete statement covering your adult years, including addresses and dates, occupations and dates, and names of spouses and/or children. I will forward this to the Director of Registration and Statistical Service of the Boy Scouts of America for further review and action.

You should further understand that there is a review procedure in such situations. If you wish to have this decision reviewed, please write to me supporting your claim that your registration as a Boy Scouts of America leader should be granted.

Sincerely,

SUBJECT: David M. Hurst

Dear Bob:

Recently, we had a telephone conversation concerning the above scouter. Based on the information we received in our inquiry, this is the same individual as one we placed on the confidential file in 1976. There is no question about the identification.

There is information in our files, which would cause us to refuse future registration. I believe Mr. Hurst was told this during an interview in October, 1976. We, therefore, cancelled Mr. Hurst's registration and deleted his name from our records.

Sincerely,

Paul I. Ernst, Director  
Registration, Subscription &  
Statistical Services

On the night of 8 October 1976, during our District Camporee, I was sleeping in a tent with David Hurst, our Troop Commissioner. Mr. Hurst suggested we spread our separate sleeping bags out unzipped and sleep on top of them under a blanket. Later during the night he tried to touch me below the waist, I didn't say anything but rolled over away from him. He made a number of more attempts during the night and I didn't get much sleep. Nothing was said about this between us as I was embarrassed. The next afternoon I was tired and went into the tent to nap. Mr. Hurst came in and tried to touch me as he had done the night before. I got up and left the tent.

I told my parents about it that evening when they came out for the campfire and my father told Mr. Sullivan, the District Executive.

On Sunday, 10 October 1976, I was approached by [REDACTED] the closing ceremony of a camporee. He reported to me allegations made by his son, [REDACTED] regarding advances made to him by David M. Hurst who was a unit commissioner. I interviewed the Scout, [REDACTED], privately and he told me substantially the same thing as had his father. He related how, in their tent, David Hurst repeatedly attempted to fondle him. I related this to my Field Director David Anderson, and the Director of Field Service Jack Owen, on the following day.

That evening, 11 October, I interviewed David Hurst and told him that the parents of [REDACTED] were prepared to sign a complaint. While neither admitting nor denying the charges he offered to resign. David Anderson and I accepted his resignation and explained that he would not be able to re-register in Scouting in this or any other council. He understood this and still wished to resign.
