Dear Mr. Needle:

After careful review, we have decided that your registration with the Boy Scouts of America should be suspended. We are therefore compelled to request that you sever any relations that you may have with Boy Scouts of America.

You should understand that BSA leadership registration is a privilege and is not automatically granted to everyone who applies. Please also understand that this decision and the reasons for it will be maintained as confidential.

If you wish to have this decision reviewed, please write to me, explaining your version of the facts supporting your claim that your registration as a BSA leader should be granted or reinstated.

Sincerely,

Theodore J. Pappas

SUBJECT: ACCUSED ACCUSATIONS OF IMPROPER ADVANCES OF TWO SUMMER CAMP STAFF MEMBERS.

On Monday evening, July 30, 1979, at approximately 9:30 p.m., Jeff Ross, Program Director and Steve Servais, Commissioner, came up to my place of residence, Cabin #2 and asked me to give them some time for discussion of a problem in camp. They proceeded to tell me of three campers who had come to them and told of three separate incidences involving two camp staff members, Michael Stein and Howie Needle. The incidents had occurred over the previous weekend and involved acts of questionable moral behavior.

After about 45 minutes of discussions, I decided to speak to the three campers concerned on the next morning.

On Tuesday morning, July 31, 1979 I set up separate meetings with each of the campers, [REDACTED] in that order. Before the first meeting, I asked the camp chaplain, [REDACTED], to assist with the discussions with the campers individually and bring them to the campfire area. Jeff Ross, Larry Rieck and myself were involved with the discussions. The first one was scheduled for 9:00 a.m., but was about a half an hour late because of a problem with a horseback ride which delayed me.

During the discussions with each camper, I asked them to be completely honest and tell everything. I led the discussions with an occasional addition by [REDACTED]. I attempted to question various aspects of each story in order to help determine the validity of their statements. Their stories as told to us, were essentially the same as the written statements obtained later in the day. From what I could determine, the stories as related to me appeared to be true.

As the discussion with each camper was concluded, they exited the area in such a way as to give no indication to the other two campers of the meetings which were being held.

The discussions were concluded shortly before the noon hour. After lunch I phoned Tom Walker, Director of Program for South Florida Council, and informed him of the fact the accusations had been made against the two staff members without giving him the details of each story. He advised me to get written statements from each camper and from [REDACTED] before proceeding.

CONF009910

DYKES_I_013543

Upon completion of the written statements [REDACTED] brought them back to me in the Administration Building. I read over them and then asked for a written statement from both Ross and Rieck concerning the events which had occurred.

I reviewed the statements of [REDACTED] their completion. The three of us discussed the happenings and possible action to be taken. It was our joint belief that the campers were telling the truth and that the events had occurred.

At that time, I determined the necessary action to be taken was to terminate the employment of the two camp staff members. It was not my position, I believe, to further investigate the happenings, but was to eliminate the possibility of additional problems involving campers, staff, or moral of the camp.

With the assistance of [REDACTED], we figured out how to notify Stein and Needle and how to work out their physically leaving of camp. The three of us were in the camp director's office with Stein and Needle separately. I officially notified them of the termination with Ross and Rieck present as witnesses. No attempt was made to accuse Stein or Needle of the actions in the statements, but only of the fact that statements were made.

The terminations were made immediate and the two staff members were escorted from the Camp Director's office to pack their belongings and leave camp.

I believe that the actions taken by me and Jeff Ross and Larry Rieck were necessary and were fair to all concerned; the campers, and staff involved, the camp as a whole and to the South Florida Council, Boy Scouts of America.

Respectfully submitted,

Tim Rose, Jr.
Camp Director

Subject: Howie Needle and Karim Namek incident

I became aware of the situation when Mr. Rose asked me to come to the chapel area for a talk about 9:00 a.m. this morning. This incident was related to Mr. Tim [REDACTED], [REDACTED] and myself by [REDACTED] who is a Provisional Camper at Vogelerang Campsite.

[REDACTED] related how Howie had been working with him on his [REDACTED] Toten Chip when Howie told him to come with him to take some garbage to the truck near the commissary. (I believe this was the location) Howie then asked [REDACTED] to go with him to Bad Ischl an outlying, unused site. Unused this week. This was Monday, July 30, 1979. Howie went to a tent at Bad Ischl and after looking inside, told [REDACTED] to come inside. Inside he told [REDACTED] to take his swimming suit off and then proceeded to fondle his genitals and to perform sex on him. Howie then is said to have asked [REDACTED] to do the same on him (Howie). [REDACTED] refused and came back to camp where he talked to Roy about his Bascheer Merit Badge which had been missed.

My observation of [REDACTED] is that he is a very transparent type person. He tends to say what is on his mind. He is from a Lebanese background and has been doing very well here at camp in overcoming a language and cultural "gap." I feel he is telling the truth in this situation as the other boys in the related incidents. [REDACTED] said they had intentionally not related their incidents to [REDACTED] When he came in with his story, it was his as far as they could tell.

Re: Improper advances made by two staff members -- Howard Needle and Mike Stein-- towards some Scouts, as purported by the Scouts.

MONDAY 30 July:

[REDACTED] reported to me in the presence of another staff member, Steven Servais, in mid-afternoon that he had been sexually approached by Needle that morning, as described in [REDACTED] written statement. In addition, he mentioned possible improper advances made towards two other Scouts in his troop by Needle and Stein.

Approx. 7:00--I talked with the two Scouts, [REDACTED] about said possible advances. This discussion transpired next to the handicrafts shelter. They reported incidents which are outlined in their respective statements. In addition, they described incidents of a related nature involving two or three of their friends and some staff members, as reported to them by these friends.

Approx. 9:00 p.m.--Steve Servais and myself reported the above mentioned information to Mr. Tim Rose, Camp Director. Decision made to talk with said Scouts at earliest possible time following morning.

TUESDAY 31 July:

Mr. Rose, myself, and Larry Rieck, Chaplain, talked with each of the three Scouts individually after breakfast. They each reported in our presence essentially the same information stated in their respective reports, which were acquired immediately after lunch as directed by Mr. Rose as a result of a phone conversation with Thomas Walker, Council Program Director, in regard to this entire matter.

Subject: Howie Needle and [REDACTED] incident

I became aware of the situation when Mr. Rose asked me to come to the chapel area for a talk about 9:00 a.m. this morning. There were two similar incidents involving boys from the camp. This incident was related to Mr. Tim Rose, Mr. Jeff Ross and myself by [REDACTED] a Provisional Camper at Vogelensang campsite.

[REDACTED] related two incidents involving Howie Needle. One was in the pool area where Howie is said to have fondled [REDACTED] genital area. Then later Howie took [REDACTED] with him to the Hook building where he have [REDACTED] a Lone Oak Staff T-Shirt and wanted to fondle him some more. [REDACTED] refused to participate and Howie took him back to the camp area.

These two things are to have happened over the past weekend. [REDACTED] is one of the Scouts who stayed over from last weeks' camp.

My observation of [REDACTED] is that he is a level-headed young man. I, personally, feel he is being truthful and feel his relating of these incidents has been very matter-of fact. He has been here at camp the entire summer and has overcome several challenges. He was homesick at first, but has stayed on to accomplish several badges. He desires to finish out this week in order to finish the work he is involved in.

Friday

I was in the pool and Howie was with me. He took me to the shallow end. He then got behind me and started to unsnap my pants. Then he started to feel me. I then turned and told him to stop. He told me to shut up. After that, he stopped and told me to get out of the pool. I started to get out and he told me to snap up my pants. After I was off and in the shower, he took down my pants and started to pull my penis. I said, "don't pull it off." He said not to worry, that he would not. After that he told me to meet him at the trading post in ten minutes. I went to my campside and got two of my friends, [REDACTED]. They followed me, Howie, and [REDACTED] to inspect the campsite. After that we went back to the A.D. Building.

Saturday

Howie asked [REDACTED] to ask me to see him. He took me to take the garbage out. Instead he [REDACTED] me to makaling. He looked in one of the tents and made sure no one was inside. He then told me to come inside. I sat across from him. Then he told me to sit on his lap. After that, he started to unsnap my pants. I begged him to stop. He told me if it meant that much to me, he would. So he then told me to take a different trail than he did. Then I met him at the trash truck. He told me that he would meet me at the pool when he was done taking the garbage to the dump.

Sunday

Howie asked me if I wanted a surprise. I told him, "sure." He took me to the health center in the flat back truck. When we got there, he made sure nobody was there. Then he took me in his bedroom. He then gave me a staff shirt. Then he asked me if I would let him feel me again. I told him no. Then he told me that it would take a second. I told him no again. He said, Please, [REDACTED] Your'e making it hard for me." I told him, No, and that's final." Then he took me back to camp. On the way he told me to say yes by the end of the week!

Today's date 7-31-79

We just got back from Pizza Hut and then we moved our stuff from the DD building to Vogelensang. All of us got tent partners except [REDACTED] [REDACTED] would not sleep by himself, so Mike said, [REDACTED] stop crying or I'll paddle your but. I've put up with you for six weeks. 1, 2, 3, 4, 5, [REDACTED] stop crying, 6, 7, 8, 9, 10." Then he spanked [REDACTED]. Then [REDACTED] went into his tent. After that, Mike came into our tent and rubbing my back. Later [REDACTED] went to sleep. Then I said, "Mike, I'm hot." then Mike said, "why don't you take your pants off." While I was taking off my pants, he took his hand on my penis with my pants. Then just after I had my pants off, he put his hand on my crotch again. I kicked my feet up and rolled over. Then he took his hand off my crotch. Then he took his shirt and glasses off and started to rub my back and there he laid on my back for about 5 to 10 minutes. Then he took his hand and rubbed it over my underwear on my butt, then he laid on my back again and I said, "Mike, I'm hot," and he said, "I know." Then he said "why don't you roll over one more time," and I said, "no, because I sleep on my stomach." Then he asked me to roll over about four or five times more, and kept asking me if I was asleep. About 10 minutes later he pulled his pants off. I think then he started to pull down my underwear. I wasn't sure, but I thought I knew what he was going to do. He was also asking me if anything bothered me and I said no because we were going to catch him in the act later. After he tried to pull down my underwear, I rolled over and he pulled them up real fast and I said something. I forgot what it was. Then he said, [REDACTED] my tent-mate is leaving tomorrow. Why don't you come down to my tent around 9:00 a.m. alone?" Then he left at about 2:30 a.m. and I was trying to get him to leave. After he left, I woke [REDACTED] up and told him what happened.
